### Abstract:

BACKGROUND: Automobile exhaust contains precursors to ozone and fine particulate matter (PM

**Source:** <http://dx.doi.org/10.1289/ehp.1103440>

### Resource Description

#### Exposure :

weather or climate related pathway by which climate change affects health

Air Pollution

**Air Pollution:** Ozone, Particulate Matter

#### Geographic Feature:

resource focuses on specific type of geography

Urban

#### Geographic Location:

resource focuses on specific location

United States

#### Health Co-Benefit/Co-Harm (Adaption/Mitigation):

specification of beneficial or harmful impacts to health resulting from efforts to reduce or cope with greenhouse gases

A focus of content

#### Health Impact:

specification of health effect or disease related to climate change exposure

Morbidity/Mortality

#### Mitigation/Adaptation:

mitigation or adaptation strategy is a focus of resource
